

WILLIE & MAX SHOWSTOPPER CHROME ACCESSORIES

Willie & Max announced it has moved into the metric cruiser market with the release of its new ShowStopper Series of chrome accessories. "All of the accessories offer quick and easy installation," stated spokesperson Angela Lettenberger, who continued by saying, "The ShowStopper Series chrome accessories are precision engineered and tested to standards developed by Willie & Max that meet or exceed any engineering or chrome standard in the industry." The first round of mirror-finished chrome accessories is said to include fork cap covers, handlebar clamps, stem nut covers, master cylinder covers, as well as swing arm pivot covers, clutch, timing and engine covers, license plate holders, front and rear caliper covers, front axle covers, countershaft covers and rear brake reservoir covers. Retail prices range from \$21.99 to \$62.99 and the accessories are sold separately, she concluded.
